**Introduction:**

From the Academic year 2018-19, with the initiatives of IQAC the institution has started to conduct the Students Satisfaction Survey as one of the measuring parameters for quality education in the college. On the basis of the questionnaire provided by NAAC for the Students Satisfaction Survey, the institute has formed its own questionnaire in bilingual form (Marathi and English).

**Conclusion:**

The Students Satisfaction Survey in its graphic presentation exemplifies the overall satisfaction about the curriculum delivery, mechanism of evaluation and the institutional efforts taken for conducting co-curricular and employabiity related programmes. As per some of the instructions of the students the online mode of education seems to be inconvenient and hence they have recommended the availability of e content. Most of the teachers have tried to provide e-content to the students in respect to their subjects and IQAC has taken lead to encourage the other teachers to cater to the students demand.
