प्राचार्यांचे मनोगत

शैक्षणिक वर्ष २०२१-२०२२ चा वार्षिक 'मदनामृत' अहवाल सादर करताना मला आनंद होत आहे. त्याचबरोबर श्री ना. बा. एज्युकेशन सोसायटीचे अध्यक्ष श्रीमान हरिष शेठजी बोहरा यांचे दि. २५ जून २०२२ रोजी दुःखद निधन झाल्याने मला अतिशय दुःख होत आहे. त्यांच्या जाण्याने संस्थेत एक पोकळी निर्माण झाली आहे. ती पोकळी कधीही भरून निघणे शक्य नाही.

श्री ना. बा. शिक्षण संस्थेचे महामेरू कै.मदनलालजी बोहरा शेठजी, संस्था प्रेसिडेंट, मा. श्रीनिवासजी शेठजी, संस्था अध्यक्ष, कै. हरिषजी बोहरा शेठजी व संस्था सेक्रेटरी, मा. श्री. बाबासाहेब वडिंगे यांच्या आशिर्वादाने व मार्गदर्शनाने महाविद्यालय सर्व स्तरावर आपली प्रगती करत आहे. महाविद्यालयाची उल्लेखनीय बाब म्हणजे दरवर्षी या महाविद्यालयाचे विद्यार्थी शिवाजी विद्यापीठाच्या गुणवत्ता यादीत अग्रेसर आहेत. एम. कॉम. विद्याशाखेची कु. रुचिता बोराने शिवाजी विद्यापीठाच्या गुणवत्ता यादीत आठवा क्रमांक मिळवला, बी.कॉम. मधील कु. वृद्धी शहाचा सहावा क्रमांक आला व बी.बी.ए.ची कु. खुशी पारीख हिचा शिवाजी विद्यापीठाच्या गुणवत्ता यादीत प्रथम क्रमांक आला आहे.

महाविद्यालयाचे विद्यार्थी सी.ए., सी.एस. परीक्षेतही यश मिळवित आहेत. फेब्रुवारी, २०२२ च्या सी.ए. फायनल मध्ये महाविद्यालयाचे एकूण १२ विद्यार्थी उत्तीर्ण झाले.

महाविद्यालयातील ३०३ विद्यार्थ्यांना सेंट्रल गव्हर्नमेंट स्कॉलरशिप, ७७० विद्यार्थ्यांना महाराष्ट्र स्टेट स्कॉलरशिप तर १८ विद्यार्थ्यांना शिवाजी विद्यापीठाची मेरिट स्कॉलरशिप मिळाली आहे.

महाविद्यालयात शैक्षणिक उपक्रमांसोबतच सहशैक्षणिक व इतर उपक्रम घेण्यासाठी कॉमर्स असोसिएशन, इकॉनॉमिक्स असोसिएशन, अकॉउंटन्सी असोसिएशन, मेडिकल क्लब, एन.एस. एस., स्पोर्ट्स, सांस्कृतिक विभाग, अविष्कार भित्तीपत्रक, जेन्ट्स असोसिएशन, गर्ल्स फोरम, वांड्मय मंडळ कार्यरत आहेत.

महाविद्यालयाने सन्मती नागरी सहकारी बँक, डॉबिवली नागरी सहकारी बँक, नालंदा अकॅडमी, स्पर्धा परीक्षा केंद्र, निलया फाऊंडेशन, पुणे, डी.के.टी.ई कॉलेज, राजारामबापू इन्स्टिट्यूट ऑफ टेक्नॉलॉजी इस्लामपूर, टागोर वाचनालय, समाजवादी प्रबोधिनी, बियाणी टेक्नॉलॉजी, श्री समर्थ एज्युकेशन सोसायटी, इचलकरंजी यांच्याशी सामंजस्य करार केला. यासोबतच श्री आण्णासाहेब डांगे आर्ट्स, सायन्स अँड कॉमर्स कॉलेज, हातकणंगले व श्रीमती आक्काताई रामगोंडा पाटील कन्या महाविद्यालय, इचलकरंजी यांच्याशी तीन वर्षासाठी शैक्षणिक सहयोग करार केला. या अंतर्गत संशोधन, सुविधा, फॅकल्टी एक्सचेंज, आंतर ग्रंथालय सुविधा, कॉन्फरन्स, सेमिनार, वर्कशॉपस् इ. उपक्रम संयुक्तिकपणे घेण्यात आले.

महाविद्यालयात दि. ०७ मे २०२२ रोजी महाविद्यालयातील अर्थशास्त्र मंडळाच्या वतीने 'Agricultural Economics and Agri Business' या विषयावर एकदिवशीय नॅशनल वेबिनार घेण्यात आला. लीड कॉलेज अंतर्गत महाविद्यालयात गतवर्षात 'Right to Information Act-2005', 'Career Opportunities in Retailing & Digital Marketing' आणि 'In the World of Advertisement' या विषयांवर आधारीत तीन

शैक्षणिक वर्ष २०२१-२२ चा महाविद्यालयाच्या प्रगतीचा आलेख प्रतिबिंबित करणारा "मदनामृत" हा वार्षिक अंक आपल्या हाती देत असताना मला मनोमन आनंद होत आहे. लोकराजा राजर्षि शाहू महाराजांचे हे स्मृती शताब्दी वर्ष ! त्यांचा विचार आणि कार्याची प्रेरणा घेऊन, गुणवत्तापूर्ण शिक्षण देण्यासाठी श्री नारायणराव बाबासाहेब एज्युकेशन सोसायटीची स्थापना झाली. सन १९८३ मध्ये स्व.श्री. मदनलालजी बोहरा यांच्या अध्यक्षतेखाली श्री व्यंकटेश महाविद्यालयाची यशस्वी घोडदौड चालू आहे. पण नियतीच्या मनात वेगळे होते आमच्या संस्थेचे लाडके संयमी व्यक्तिमत्व कै. श्री. हरिषजी बोहरा यांचे दिनांक २५ जून २०२२ रोजी अकाली निधन झाले त्यामुळे आमच्या संस्थेत न भरून निघणारी पोकळी निर्माण झाली आहे.

भारतीय स्वातंत्र्याच्या ७५ व्या वर्धापन दिनानिमित्त साजरा होणाऱ्या आपण 'आजादी का अमृतमहोत्सव' साजरा करत आहोत. या ७५ वर्षांनंतर स्वातंत्र्यासोबत स्वीकारलेल्या मूल्यव्यवस्थेसमोर अनेक आव्हाने उभी आहेत. आव्हाने पेलत शताब्दीच्या वेळी विकसीत देशाचं स्वप्न साकारायचं. कृषी, उद्योग, व्यापार, दळणवळण, शिक्षण, आरोग्य, संरक्षण इत्यादी अनेक क्षेत्रातील आपले यश उल्लेखनीय आहे. या अंकाचे वेगळेपण असे की प्रत्येक विभागातून आमच्या विद्यार्थी लेखकांनी अमृतमहोत्सवानिमित्त देशाशी संबंधीत वेगवेगळे विषय निवडलेले आहेत. कविता व लेख या माध्यमातून त्यांनी केलेला आविष्कार कौतुकास्पद आहे. अमृत महोत्सवाच्या निमित्ताने संपूर्ण देशात खूप सारे कार्यक्रम आयोजित केले जात आहेत. आमचे महाविद्यालय सुद्धा यामध्ये मागे नाही. आमच्या महाविद्यालयाचे विविध विभाग एन.एस.एस. च्या माध्यमातून अनेक स्पर्धा, शिबिरे, व्याख्याने, स्वच्छता मोहिम असे वेगवेगळे उपक्रम येत आहेत. ७५ वर्षांच्या स्वतंत्र देशाला

अभिमानास्पद वाटेल हेच काम करू असा निश्चय या निमित्ताने आपण सर्व करूया! एक आशावाद, सकारात्मक ऊर्जा घेऊन या पडत्या परिस्थितीत पुढे जाऊया.

महाविद्यालयातील आधुनिक संगणकप्रणाली व कार्यतत्पर टिचिंग स्टाफ व कार्यालयीन स्टाफ यांच्या सहकार्यामुळे अगदी कमी वेळेत हा अंक तयार करण्यात आला संपादक मंडळातील प्रा. सौ. डॉ. एस. आर. ठाकर, प्रा. डॉ. सौ. एस. एन. जरंडीकर, प्रा. टी.एच. नायकवडे व प्रा. एम.पी. केसरकर तसेच सर्व प्राध्यापक शिक्षकेतर कर्मचारी विद्यार्थी व महाविद्यालयाच्या परिवाराने दाखविलेली आपुलकी यामुळेच मदनामृत साकार होवू शकले. या कामी मा. प्राचार्य डॉ. व्ही. ए. माने सर यांच्या मार्गदर्शनामुळे व सहकार्यामुळे हे सर्व शक्य झाले आहे. वर्षा ग्राफिक्स यांनी वार्षिक 'मदनामृत' अंक आकर्षक स्वरूपात प्रकाशित करण्यासाठी दिलेल्या बहुमोल सहकार्याबद्दल मी त्यांचा आभारी आहे.

सामाजिक किड 'जात'

माणुसकीच्या सुंदर आपलेपणात आलेला काटा म्हणजे जात ! आज २१ व्या शतकाची पहाट उजाडली जरी असली तरी अजूनही जात नावाचा किडा आपल्यामधून निघून नाही ही खरच आजच्या मानवी जीवनातील अशोभनीय गोष्ट आहे. मोठ मोठ्या पदव्या, कौशल्य आपण आत्मसात करतो आहोत. पण एकधर्म एकपंथ आत्मसात करणं आपल्याला जमत नाही आणि याचे कारण काय तर या गोष्टी मान्य करायला आम्हाला कमीपणा वाटतो किंवा मग हे आमच्या तत्त्वात बसत नाही. मग प्रश्न असा पडतो की, असं कोणते तत्त्व आहे ज्यात सांगितले गेले आहे की, प्रत्येकाची जात आणि धर्म वेगवेगळा आहे हे तत्त्वज्ञान फक्त मानवाच्या बुद्धीत आहे आणि म्हणून मनुष्य अजूनही मानवी वस्तीत राहत असुन सुद्धा स्वतः त्या जंगली प्रवृत्तीचे प्रदर्शन करत आहे.

माणुसकी फक्त बोलायची गोष्ट आहे का? मला वाटते माणुसकी किंवा एकजुटपणा या शब्दांचे अर्थच मुळात मनुष्यप्राण्याला उलघडून बघावेसे वाटत नाहीत; कारण त्याचा संपूर्ण वेळ माझा धर्म, माझी जात. या गोष्टींमधेच व्यथित होत चालला आहे. म्हणून आज गरज आहे ती म्हणजे आपल्या युवकांच्या कृतीची अन् निश्चयाची; कारण युवक हा असा घटक आहे, जो खऱ्या अर्थाने बुरसटलेले विचार बदलू शकतो. मनुष्याच्या आयुष्यात चांगल्या विचारांची पहाट आणायची असेल, तर सर्वात प्रथम जातीयता विरोधी आवाज उठवला पाहिजे. माणुसकी हा एकच धर्म आणि एकता ही सुंदर भावना जगण्यासाठी पुरेशी आहे. त्यासाठी हिंदू, मुस्लिम, ख्रिश्चन, जैन इत्यादी घोषवाक्य किंवा टॅगलाईन ची काहीच गरज नाही, असे प्रामाणिक मत मांडावे वाटते, मुळात जात धर्म कशासाठी? या प्रश्नाचं उत्तर शोधलं ना, तर आपल्याला समजेल की, फक्त अशांतता, दंगली, हाणामारी इ. गोष्टी यातून उदयास येतात आपल्याला जर एका सुंदर जगात किंवा वातावरणात जगायचं असेल, तर सर्वांनीच एकजुटीले जगले पाहिजे.

माणसाला माणुसकीची गरज आहे, विभाजनाची नाही; कारण हा हाडामांसापासून तयार झालेला आकार एकच आहे, यात कसले आले विभाजन ? एक साधा प्रश्न इथे उपस्थित राहतो की, ज्यावेळी आपण एखाद्याला रक्त देतो तेव्हा रक्त उपलब्ध करत असताना जातीचा विचार करतो का? हे हिंदू व्यक्तीचे रक्त, हे ख्रिश्चन व्यक्तीचे रक्त अशाप्रकारे आपण विभाजन करतो का? मग जेव्हा या सर्व प्रश्नांची उत्तर अनुत्तरीत राहायला लागतात. तेव्हा जाणीव होते की, कठीणप्रसंगी जात, धर्म मध्ये आणून चालत नाही तर आपलेपणा जपता आला पाहिजे. शेवटी जात असो अथवा धर्म याची निर्मिती ही मानवी बुद्धीने केली आहे. तसेच त्यातून निर्माण होणाऱ्या अपायकारक गोष्टीनादेखील मनुष्यच बळी पडत आहे अगदी अशिक्षित ते उच्चशिक्षित लोकांमध्ये देखील जातीला होऊन वाद आहेत. त्यामुळे समाजा. चा प्रत्येक घटक यात रखडला जात आहे. आणि यातूनच विभाजन, दुजाभाव, वाद दंगली निर्माण होऊन सामाजिक अशांतता पसरते. काही वेळा तर माझा धर्म अथवा जात इतरांपेक्षा किती श्रेष्ठ आहे हे दाखवण्यासाठी लोक स्पर्धा करतात व आपले कौशल्ये नको त्या ठिकाणी लावतात, त्यामुळेच आपला विकास खुंटतो, याची जाणीवही त्यांना नसते.

या सगळ्यातून एवढच समजते की, विभाजन महत्वाचे नसते, तर एकजुटीपणा महत्वाचा असतो. म्हणूनच जात हा मनुष्याने निर्माण केलेला विषाणु सर्वांनी एकजुटीने संपवला पाहिजे, तरच आपले जीवन सुसह्य होईल.

नसते जात, नसतो धर्म,
एकता अन् बंधुता हेच आपले मर्म !

स्त्री स्वातंत्र्य

स्त्री जन्मा तुझी कहाणी,
हृदयी पान्हा नयनी पाणी !

या वलषयामध्ये पुढे जाण्याआधी ँक प्रश्न वलचारावा तो असा की, स्त्रियांना स्वातंत्र्य आहे की नाही? ढहाभारताच्या काळापासून स्त्री-पुरुष भेदभावावर आधारलेल्या अनेक परंपरा समाजात असल्या तरी त्याचे प्रमाण हळूहळू कमी होत आहे. पण तरीही, 'आजची स्त्री थोडस संकट आलं की रडते, ढरते' अशी वक्तव्ये आपल्या कानावर येतात. असे का व्हावे ?

स्त्री-पुरुष समानता काही अंशी का होईना पण आकार घेऊ लागली आहे अशा या सुधारणेच्या वाटचालीत स्त्री अत्याचार होत असेल, तर त्यासाठी कारणीभूत स्त्रीच आहे जेव्हा सावित्री बाईच्या हातात शिक्षणाची दारे खुली करण्याचं स्वातंत्र्य होतं, राणी लक्ष्मी बाईला प्रजेसाठी शत्रूंशी लढण्याचे स्वातंत्र्य होत, इंदिरा गांधीना राजनिती लढण्याचे स्वातंत्र्य होत त्याच देशात 'ढहिलांना स्वातंत्र्य नाही' असे ढोलणे कितपत योग्य आहे. प्रत्येक स्त्री सक्षढ आहे. ढनाचा निश्चय

केला तर आपल्याला सिंधुताई सपकाळ यांच्यासारख्या स्त्रिया आजही ढघायला ढिळतात स्त्रीने तुटलेल्या नदीच्या ढांधाप्रमाणे, कोंदटलेपणाचा ढांध तोडून ढनसोक्तपणे वाहात राहिले पाहिजे. आज गरज आहे ढोळसपणे जगण्याची, आपले अस्तित्व शोधण्याची. प्रचलित कर्मठ समाजढंधने झुगारून स्वत्वाचा झंझावात सुरु करण्याची.

आजच्या स्त्रीला स्वातंत्र्य आहे, तिच्या स्त्रीत्वाचा अभिढान ढाळगण्याचे, उद्याचा आदर्श समाज घडविण्याचे. ढ्णून ढ्हटले जाते, जिच्या हाती पाळण्याची दोर ती जग उध्दारी !

या शिक्षकांच्या महिमेचा... या गुरु महिमेचा कसा विसर पडत चालला आहे ? म्हणूनच आज हे लिहावस वाटते.... विद्यार्थी मित्रांही...गुरु ही आपल्या जीवनातील खूप खूप महत्वाची व्यक्ती आहे. त्यांचा आदर करा, त्यांचा सन्मान करा आणि आपले जीवन अधिकाधिक सुंदर बनवा. कारण आपल्या देशाची संस्कृती अन् इतिहास आहे की, जो गुरुंनी दिलेल्या वाटेवर चालला त्यानं जगात एक असामान्य कर्तृत्व निर्माण केलंय. आणि याचे कैक दाखले इतिहासाच्या पानावर रुजू आहेत. म्हणून गुरुंना आदर द्या, त्यांच्या विचारांवर चाला. कारण त्यांनी दाखवलेली वाट तुमच्या आयुष्याची वाट दाखवणारी ठरते.

पूर्वीच्या काळामध्ये गुरुकुल शिक्षण पद्धती होती. अर्थातच गुरुंना सर्वस्व मानलं जायचं, गुरुंनी दिलेल्या प्रत्येक विचारांवर शिष्य चालायचे म्हणूनच नाही का, पूर्वीच्या काळातील गुरुकुल शिक्षण पद्धतीमध्ये गुरुंना सर्वस्व मानणारी लोक आजच्या

पिढीसमोर आदर्शवत होऊन आज ती गुरु-शिष्य परंपरा जगाच्या इतिहासात नोंद झाली ह्याहे कारण फक्त एकच त्यांनी गुरुंचे विचार हे सर्वस्व मानलं होते !

आजच्या २१ व्या शतकातही याच विचारांची-संस्कारांची आवश्यकता भासू लागली आहे. तरी विद्यार्थी मित्रांनो गुरुंचा आदर करा, गुरुंचा सन्मान करा, गुरुंच्या विचारांवर चाला. हेच विचार तुमच्या आयुष्याचा सन्मान वाढवल्याशिवाय राहणार नाहीत. शेवटी इतकंच लिहावसं वाटतं....

गुरु तेथे ज्ञान । ज्ञानी आत्मदर्शन ।

कोविड-१९ चा विद्यार्थ्यांच्या मानसिक व शारिरीक आरोग्यावर झालेला परिणाम

मागिल दोन वर्षामागे जग सुरळीत चालू होतं. जो तो या स्पर्धेच्या युगात टिकून राहून आपण नंबर एक वर कसे येऊ याच्यासाठी प्रयत्न करत होता. प्रत्येकजण आपल्या स्वतःच्या आयुष्यात व्यस्त होता. इतक्यात रेडियो, टि.व्ही. आणि वर्तमान पत्रामध्ये एकाच बातमीने खळबळ उडाली आणि ती बातमी म्हणजे चीनमध्ये उगम पावलेल्या कोरोना या भयंकर रोगाची.

हा हा म्हणता हा रोग चीनमधून भारतात, अमेरिकेतच नव्हे तर साऱ्या जगभर पसरू लागला. लोक भीतीने मरू लागली ज्याची सुरुवात एका रोग्यापासून झाली ती हळूहळू लाखावर आली. याच्यावर उपाय काय करायचा हे कोणालाच कळत नव्हते, उपाय तर कसा सुचनार कारण कोरोला म्हणजे नेमकं काय हे कोणालाच माहीत नव्हते. अगदी मोठं मोठ्या रिसर्च सेंटर मधल्या डॉक्टरांना देखील नाही.

कोरोना म्हणजे नक्की कोणाला व्हायरस ने होतो हे शोधे पर्यंत अर्धे जग या रोगाने प्रसारित झालं होते या रोगाचे जाळे हळूहळू पसरत चालले आहे. हळूहळू त्याची लक्षणे काय ?

तो कशामुळे होतो याचा शोध लागला. कोणी म्हणत खोकला, सर्दी, ताप, घश्यात खवखवणे ही त्याची लक्षणे आहेत. तर कोणी म्हणतं की चव न ओळखणे, वास न ओळखणे ही त्यांची लक्षणे. नंतर लक्षात आलं की हा रोग संसर्गजन्य आहे. हा रोग स्पर्शाने होतो. हा रोग बाधित जर एखाद्याच्या संपर्कात आल्याने त्यालाही तो रोग होतो. तेव्हा सरकारने मास्क तर बंधनकारक केलाच शिवाय हॅण्ड सॅनिटायझरचा वापर ही बंधनकारक केला. इतकंच नव्हे तर सोशल डिस्टन्सिंग देखील बंधनकारक केले तरी संख्या काही कमी होईना शेवटी सरकारने एक निर्णय घेतला तो म्हणजे १००% लॉकडाऊनचा.

लॉकडाऊन म्हणजे दुकाने, वाहतुक, मंदिरे ऑफिस, हॉटेल सगळं काही बंद. या बंद मध्ये विद्यार्थ्यांच्या शाळाही बंद झाल्या. एक महिना म्हणता म्हणता हा रोग वाढत गेला आणि शाळा या दोन वर्ष बंदच राहिल्या. यात विद्यार्थ्यांचे वर्षाचे नुकसान नको म्हणून

ऑनलाईन म्हणजेच मोबाईलवरून शिक्षणाची पद्धत चालू झाली, पण या ऑनलाईन शिक्षणामुळे विद्यार्थ्यांची प्रत्यक्ष शिक्षणाची आवड लोप पावत चालली होती आणि इतकच नव्हे तर मोबाईलची वाईट सवय विद्यार्थ्यांना लागली होती. पालकांनाही नाईलाजास्तव विद्यार्थ्यांना मोबाईल घेऊन देणे भाग झाले. यामुळे विद्यार्थ्यांच्या मानसिक व शारिरीक आरोग्यावर वाईट परिणाम होऊ लागले.

मोबाईल मिळाल्याने पोरांचा/विद्यार्थ्यांचा कुटुंबीयांसोबतचा संवाद कमी होऊन मोबाईलवर गेम खेळणे वाढले. पबजी सारख्या खेळांनी विद्यार्थ्यांच्या डोळ्यांच्या विकाराचे प्रमाण वाढले. सतत मोबाईलच्या वापराने मोबाईल मधून बाहेर पडणाऱ्या अतिरिक्त किरणांमुळे डोळ्यांचे विकार चालू झाले. म्युकरमायकोसीस हा देखील याच काळात नव्याने उद्भवलेला एक डोळ्यांचा विकार आहे. इतकेच नव्हे तर मोबाईलवर गेम खेळू लागल्याने मुलांना मैदानी खेळाचा विसर पडला व त्याच्यामुळे त्यांची शारिरीक वाढ होण्याचे प्रमाण कमी झाले.

काही काळानंतर सगळे नियम पाळत शाळा चालू करणार इतक्यात परत कोरोना या रोगाचे प्रमाण पुन्हा वाढले आणि परत शाळा या बंदच राहिल्या. याचे विद्यार्थ्यांच्या शारिरीक आणि मानसिक आरोग्यावर खूप विपरीत परिणाम झाले. विद्यार्थी निरोगी झाली व त्यांची शाळेला जाण्याची आवड संपू लागली. कोणी मित्रमैत्रिणी भेटत नसल्यामुळे त्यांच्यातील संवाद करण्याची खेळण्या बागडण्याची इच्छा नाहीशी झाली. अभ्यास करण्याची वृत्ती पालटली. ती मोबाईलमध्ये गुंतून गेली. अशा अनेक प्रकारे मुलांच्या मानसिक आणि शारीरिक आरोग्यावर विपरीत परिणाम झाले.

मैत्री

शब्दातून फुटतो पान्हा ममतेचा
शब्दातून कळतो भाव अंतरिचा
आणि शब्दातून जुळतो
धागा मैत्रीचा !

सूर्य जरी मावळला
संधीप्रकाश रेंगाळत असतो
सहवास जरी संपला
मैत्रीचा सुवास दरवळत असतो

असे हृदय कर की
त्याला कधीही तडा जाणार नाही
असे हास्य तयार कर की,
हृदयाला कधी त्रास होणार नाही
असा स्पर्श कर की,
ज्याने जखम होणार नाही
अशी मैत्री कर की,
ज्याचा शेवट कधीही होणार नाही.

भावना

भावना या आहेत छोट्या
पैशांच्या त्या बाजारी
जिथे अश्रुस मोलही नाही
भावना या आहेत छोट्या
पैशाने भरलेल्या जगी

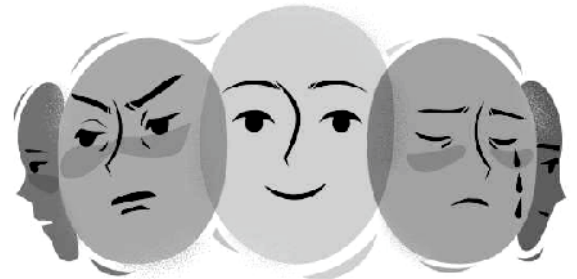

भावना या आहेत छोट्या
बाह्यरुपाशी ओळखीच्या
अंतरूप झाले परके
भावना या आहेत छोट्या
कवडी मोलही भाव नाही

जीवनाने घेतली भरारी
मात्र मागे भावना राहिली
प्रगतीच्या या अधोगतीवर
भावना या आहेत छोट्या
मीठाशिवाय अळनी जीवन जसे.

अहंकाराच्या या डोळ्यावर
गर्वाचे ते क्रूर चष्मे
नाही कोणी माणुसकीचे
हे दुःख मोठे आहे.

भावना या आहेत छोट्या
या जगती सारेच अपूर्ण
हे जीवन आहे सुंदर
भावना ह्या जपल्या तरी.

आयुष्य

आयुष्यभर सोबत असून, जवळ कधी बसत नाही
एकाच घरात राहून आम्ही, एकमेकांस दिसत नाही

हरवला तो आपसातला, जिव्हाळ्याचा संवाद
एकमेकांस दोष देऊन, नित्य चाले वाद-विवाद

धाव धाव धावलो आहे, दिशा मात्र कळत नाही
हृदयाचे पाऊल कधी, हृदयाकडे वळत नाही

इतकं जगून झालं पण, जगायलाच वेळ नाही
जगतो आहोत कशासाठी, काहीच कसला मेळ नाही

क्षण एक येईल असा, घेऊन जाईल हा श्वास
अर्ध्यावरच थांबलेला, असेल जीवन प्रवास

अजूनही वेळ आहे, थोडं तरी जगून घ्या
सुंदर अशा जगण्याला, डोळे भरून बघून घ्या...

अनुभव

अनुभव येणं चांगलं असतं,
त्याला कारण ही तसचं असतं...
आयुष्यात कुणाच्या येण्याला वा जाण्याला
इतकं महत्त्वं द्यायचं नसतं,
कारण, आपलं आणि परकं कोण ?
हे अनुभवातूनचं कळतं...

एकट्यानं चालायला कधी घाबरायचं नसतं,
कारण आयुष्याला कुणी पुरणारं नसतं...
कितीही संकटं आली तरी,
त्यांना तोंड द्यायचं थांबायचं नसतं...
एकट्यानं लढून मिळविलेलं यश,
हे शेवट पर्यंत टिकत असतं...

संघर्ष केल्याशिवाय इथे काहीचं मिळत नसतं...
त्याला अनुभव येणं गरजेचं असतं,

त्याला कारणही तसचं असतं...

खरी मैत्री

नकळत मनाच्या झोळीत केली,
हास्य अनू अश्रुंची साठवण,
जीवनाच्या प्रवासात ती उघडण्याची
राहील का आपल्याला आठवण ?

त्या झोळीतून बाहेर पडेल का कधी
आपण गुपचुप खाल्लेला गोळा,
कोणी पाहतंय का आपल्याकडे
या भीतीने रस्त्यावर ठेवलेला डोळा

आठवतील का आपल्याला,
आपल्या नेहमीच्या गप्पा
विमानातून उडण्याचे स्वप्न अनू,
नाव कमविण्याचा ठेका

आठवतेय का आपल्या उचापतींमुळे
शिक्षक वर्गात उभे करायचे,
एक तासाचे लेक्चर आपल्याला,
काही शतकांप्रमाणे वाटायचे

हसू येईल का कधी आठवून,
आपल्यातील असामान्य वाद,
सुटायचाच नाही आपल्याकडून,
कधी चेष्टामस्करीचा नाद

विरहानंतर आपल्यापासून
दूर होतील कॉलेजचे दिवस
बदलतील सान्या गोष्टी
सोबत राहील फक्त
खऱ्या मैत्रीची आठवण !

गुरूंचे ज्ञान हा एक वसा,
गुरूंच्या ज्ञानाचा मनात उमटला ठसा.
आयुष्यात आले जेव्हा गुरू,
आयुष्य झाले खरे तेव्हा सुरू.
गुरूने दाखवली पुढची वाट
गुरूंच्या ज्ञानाने उगवली नवीन पहाट
गुरू कायम असतात मस्त,
म्हणून सदा असतो त्यांचा वरदहस्त
गुरूने पाया मजबूत रचला,
म्हणून आयुष्याचा रस्ता नाही खचला
गुरूना म्हणतो आपण हे देवा,
तुमचा माझ्या आयुष्यात आहे
एक अनमोल ठेवा.
तुमचा खाल्ला मी खुप मारा,
म्हणून झालो चमकता हिरा.

डायरी

आयुष्याची डायरी
आठवते त्या आठवणी...
ते क्षण त्या भावना..
असे सर्व काही ती डायरी...

विझले ते सर्व... ओल्या अश्रुंनी...
उरली ती आता केवळ गळकी पाने
नावास एक डायरी..
पुस्तक... आयुष्याचे !
पानं भरली सुःख दुखाची,
आठवणीतल्या चेहऱ्याची...

काही पानं कोरीव राहून गेली..
आणि काळासकट..
ती ही मग गळून गेली...
पाने उलटता उलटता....
उमटतात ठसे कागदांवर त्या...
जिथे होती ती नावं...
ती ही मग पुसली गेलेली...

आयुष्याचे पुस्तक...
एक साधी डायरी...
गळक्या पानाचे पुस्तक नाही.
असे फक्त शिल्लक रद्दी...
असे एक गळके पान आयुष्यातले...
आठवणी सकट गळून गेलं...
पुन्हा नाही मागचं पान पालटू शकलं...

अन् पुढे आयुष्य चालतचं गेलं
अशी असते आयुष्याची डायरी...

ज्ञान तथा आनंद प्राप्ति का साधन : वाचन

‘जीवन में आसानी से सफलता पाने के लिए वाचन से दोस्ती होना जरूरी है।’

पुस्तक वह साधन है जिसके वाचन से मनुष्य को ज्ञान के साथ-साथ आनंद भी प्राप्त होता है। यदि आपकी अच्छे साहित्य में रुचि है, ऐसे कोई भी साहित्य आप पढ़ते हैं, वाचन करते हैं तो पुस्तक में निहित ज्ञान के साथ-साथ आपको अद्भुत आनंद भी मिलता है। वैसे तो आज कल तकनीक ने काफी प्रगति की है। आज मनुष्य उसके द्वारा बहुत सी जानकारी तुरंत प्राप्त कर सकता है। उसके माध्यम से पढ़ भी लेता है और सुन भी लेता है।

परंतु जब मनुष्य एक किताब लेकर स्वयं उसका वाचन करता है तो पढ़ते-पढ़ते शब्दों के साथ वह संयुक्त होकर उस लोक में पहुँच जाता है। इसे हम ऐसे भी कह सकते हैं कि वाचन के साथ हम उस संसार में पहुँच जाते हैं जहाँ हमारे दिमाग की कल्पना शक्ति भावनाएँ, निहित ज्ञान रूपी समुद्र में गोते लगाती है और हम उन बहरों में डूबने, उतरने लगते हैं। पुस्तकें मनुष्य की मूक मित्र हैं जो आपकी भाषा में बोलती हैं और उसकी इच्छा के अनुसार बोलती हैं।

वाचन का अपना एक आनंद है। इसने मनुष्य को सदैव अपनी ओर आकर्षित किया है। यही कारण है की आज भी हम सुकून से पुस्तक पढ़ने का आनंद उठाना चाहते हैं तथा नए नए अनुभव के साथ जुड़ते चले जाते हैं।

ये अनुभव उन मोतियों की भाँति हैं होते हैं जो कालांतर में एक माला के रूप में परिणित हो जाते हैं। हम इसे अपनी स्मृतियों की किताब में संजोग कर रख भी सकते हैं। समय समयानुसार ज्ञान के मोती हमें अपनी श्वेत आभा से प्रकाशित भी करते रहते हैं। ‘पुस्तकें वह साधन हैं जिसके माध्यम से हम विभिन्न

संस्कृतियों के बीच पुल का निर्माण कर सकते हैं।’

किताबें पढ़ने से हमें एकांत में विचार करने की आदत और सच्ची खुशी मिलती है। हर्ष और आनंद से परिपूर्ण जीवन केवल वाचन ज्ञान और विज्ञान के आधार पर ही संभव है।

Democracy Identity of India's Independence

We have heard the word democracy since we were children, but do you know what democracy exactly means?

"Oxford dictionary defines democracy as a system of government in the whole population or all the eligible persons of the state typically through elected representatives"

"In Abraham Lincoln's point of view, democracy is a government of the people, for the people, by the people"

"Democracy is the form of government in which people have the authority to deliberate and decide legislation"
(Wikipedia)

Mahatma Gandhi quoted, "I understand democracy as something that gives the weak the same chance as the strong."

Thus, these are the different definitions given by different authors. But Carl Sandburg has a different point of view regarding democracy which has gracefully explained in his poem "I am the people, the mob". This poem was published in Chicago poems in 1916. In his poem, he salutes the people who have done great work that has been done to the world. He explains that if the common people are given rights they have the capacity of changing the world. They are the people who do all the work and help the people.

"I am the audience that witnesses history. The napoleons come from me and Lincolns. They die. And then I send forth more napoleons and Lincolns"

He says that he is not a great leader like Napoleon who won the entire battle. But in the end, Sandburg is upset because according to him the credit to these people is not given for their great work. He dreams of the day when these people will recognize for their work and will be given and this person will look at as great wonders of the world. Even though the

mayor played the role of leader, it was the people of Chicago who led the recovery of the city.

The history of democracy is quite interesting, Athens came into existence in 507 – 508 BC. Athens established a direct democracy. All the eligible people who were able to speak were given the right to vote and were elected as representatives of the assembly.

At the beginning of the 20th century, the right to vote was extended to adults. In the middle ages, most of the countries were ruled by Europe i.e. Pope of the Catholic Church. This middle age began in the 10th century to the 15th century. This brought many changes in the democracy of the world. The first assembly of England was established in 1215. Some rights were given to the kings and other all rights were given to Magna Carta. The first assembly representative was Simon de Monfort's parliament.

The modern period which is the 15th century till the present faced many ups and downs including the world wars, the cold wars and the most important is British rule over India for 100 years.

The first parliament of Great Britain was established in 1707. The kingdom of England and Scotland merged into this under the union act. The British rule started in the year 1857. The English men entered India through the means of trade. Queen Victoria was crowned empress of India.

In the earlier period, in India, there was a monarchy. Different kings and queens ruled different regions of India. The British rule did not give any rights to kings or queens. But after a huge struggle, India achieved independence on 15th August 1947. And first elections in India took place on 25th October 1951 and 21st February 1952. This was the

first election of 'The Lok Sabha'. These elections were conducted under the provisions of the Indian Constitution which were adopted on 26 November 1950.

The Indian government has different features they are as follows:

Dual government policy

The central government and state government are run in a parallel way.

Division of powers between various levels

There are different officers at different administration levels.

Rigidity of the constitution

This feature refers to the no change in constitutional rights due to any other ordinary law

Independence judiciary

Independence of the judiciary means, the power of upholding the rule of law, without any fear or external influence, and maintaining effective control over the actions of the government. The independence of the judiciary is part of the basic structure of the Constitution.

Dual citizenship

The Constitution of India does not allow holding Indian citizenship and citizenship of a foreign country simultaneously. Based on the recommendation of the High-Level Committee on Indian Diaspora, the Government of India decided to grant Overseas Citizenship of India (OCI) commonly known as 'dual citizenship'

Bicameralism

Bicameral is a type of legislature that contains two assemblies. In India out of 28 states and 8 union territories of India, only 6 states are bicameral.

The Indian constitution was adopted on 26 November 1949 and effective on 26 January 1950. The father of the Indian constitution is Bharat Ratna Dr. Babasaheb Ambedkar while designing the constitution he mainly focused on the people who face caste discrimination. He took care that they will be treated properly in society. This constitution shows the different rights given to every citizen

of India.

Equality before Law: The Constitution guarantees that all citizens will be equal before the law. It means that everyone will be equally protected by the laws of the country. No person is above law. It means that if two persons commit the same crime, both of them will get the same punishment without any discrimination.

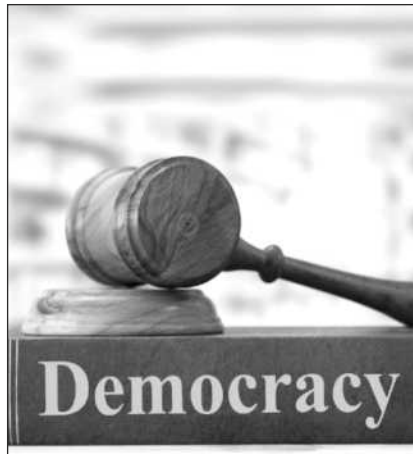

No Discrimination Based on Religion, Race, Caste, Sex, or Place of Birth: The State cannot discriminate against a citizen based on religion, race, caste, sex, or place of birth. This is necessary to bring about social equality. Every citizen of India has equal access to shops, restaurants, places of public entertainment, or the use of wells, tanks, or roads without any discrimination. However, the

State can make special provisions or concessions for women and children.

Equality of Opportunity to all Citizens in a matter of **Public Employment:** The State cannot discriminate against anyone in the matter of public employment. All citizens can apply and become employees of the State. There is a special provision for the reservation of posts for citizens belonging to Scheduled Castes, Scheduled Tribes, and Other Backward Classes (OBCs)

Abolition of Untouchability: Practising untouchability in any form has been made a punishable offense under the law. This provision is an effort to uplift the social status of millions of Indians who had been looked down upon and kept at a distance because of either their caste or the nature of their profession. But, it is very unfortunate that despite constitutional provisions, this social evil continues even today. Can you find any difference when you see a nurse cleaning a patient, a mother cleaning her child, and a lady cleaning a toilet? Why do then people consider the cleaning of a toilet in a derogatory manner?

Abolition of Titles: All the British titles like Sir (Knighthood) or Rai Bahadur which were given to the British loyalists during the British rule, have been abolished because they

created distinctions of artificial nature. However, the President of India can confer civil and military awards to those who have rendered meritorious service to the nation in different fields. The civil awards such as Bharat Ratna, Padma Vibhushan, Padma Bhushan, and Padma Shri and the military awards like Veer Chakra, Paramveer Chakra, and Ashok Chakra are conferred. Do you know that these awards are not titles? Educational and military awards can be prefixed with one's name?

As a true citizen, it's in your hands and we should always stand out and point out corruption, unethical activities, illegal things, etc. It's our duty and right to be a citizen of a democratic nation. This is the beauty of our constitutional framework compared to other types.

We know every coin has two sides. Therefore though the constitution is made for the betterment of people it is sometimes used for personal benefits and selfishness.

Pros:

Citizens of India have the right to elect their leaders and this avoids the monopoly of authority.

There is an executive branch, a legislative branch, and a judicial branch. Each keeps the other in check because no single branch of government can wield all the power. Indian Democracy promotes equality irrespective of caste, creed, religion, and gender. Leaders whom the citizens have elected will bring a feeling of obligation to them. That is, they would act responsibly and work towards the betterment of society. Citizens are aware of what's going on politically. That is, during elections, political parties propose programs and policies in support of them and this imparts political consciousness among the people. It promotes change without any violence. If the citizens of the country are not happy about the leaders leading them, they have the option to elect a different leader during the next elections.

Cons:

There is a risk of choosing the wrong representative as a leader. People may favour and vote for a representative based on his/her caste, creed, etc. Hence there are chances that the elected representative is not the right choice. Leaders are chosen based on quantity rather than quality. That is, the leader with a

maximum number of votes will be chosen as the leader irrespective of his previous experience as a leader. Implementation of any law or plan takes a long time to come into action. Since any law or action needs approval from both the ruling party and the opposition in the parliament to get into action. It's challenging to convince both theories. Promises of leaders never come into action. During campaigns for elections, representatives of every constituency put forward or promise the people of that locality of certain works. But after getting elected, they never turn up to keep up with their words. Democracy influences candidates to indulge in corruption. Elected candidates might take advantage of their powers to resort to unethical means for personal gains and engage in corrupt practices.

Today in India in the name of votes people are collecting vote banks in the form of caste, and religion. Instead of development of the nation instances of corruption are discussed everywhere. The rights given by the constitution are used according to the convenience.

Getting to the conclusion we must always remember that democracy has given us rights and duties. However as the responsible citizens of India we must not misuse it to do injustice to any single person of the society. It is safety of each one's right is what the duty of each of us and that is the strength of India as the largest democratic country.

Today India is the largest democratic country. It is divided into 29 states, 7 union territories. India also has many different kinds of physical & features in different parts of the Country. India is very diverse country means, the people around the country are different on many ways. Even though India is diverse country, it is united as one country. The people of India, their food, festival & languages all of these things make India a very diverse country. However, there are four things that unite people of India such as: - The National symbols like the Indian flag of the National Anthem, The constitution of India that was written in the early stage of our Independence. It writes the India because of has rules & laws that are same for all people. The constitution says that all Indians are equal in the eyes of the law.

India has been ruled by Nizams, Mughals & British for many years. It took many years for India to get free from them. It was possible only after the struggles of lakhs of people. We only know few names but there are many more people, those unknown people who sacrificed their lives for freedom struggle of India.

In 1857, a revolt took place against the British, which was regarded as India's first battle of Independence. Mangal Pandey, a well-known Indian Freedom fighter, is remembered as the first freedom fighter of India. Most importantly, freedom fighters inspired and motivated others to fight against injustice. They made people aware of their rights and powers. It is all because of the freedom fighters that we proposed into a free country free from any of injustice.

In India, the term "First war of Independence" was coined by Vinayak Damodar Savarkar in his book "The history of the war Indian Independence" published in 1909 which was originally written in Marathi.

The term Freedom Fighters refers to all

those great heroes who made immense contribution for achieving freedom from colonial rule. The liberty & freedom which we enjoy today, are the fruits of the struggle and suffering of the -freedom fighters of India. Thousands of them even sacrificed their lives in order to free India from the clutches of British. Some of them also believed in non-violence, of peaceful protests, while others were revolutionaries. Though they were from different ideologies, they stood for a common cause, India's - Independence.

Sardar Vallabhbhai Patel (1875-1950) was the secretary of Gujarat Sabha, a political organization that in later stages became the Gujarat arm of the Indian National Congress.

In 1918, he started the Kheda Satyagraha in Gujarat under the guidance of Mahatma Gandhi to decrease agricultural taxes. He succeeded in cancelling the increased tax rates also restored confiscated lands to the people. After his victory, he was given the title "Sardar". In post – Independent India, he became the first deputy Prime Minister of India and played important role in uniting nearly 565 Princely States with the Indian Union. The very brave deeds at a very young age earned Patel the title of "Iron Man of India". Sardar Vallabhbhai Patel was the full name of Patel Saheb who was born in the year 1875 & known for his contributions to the country.

Mahatma Gandhi (1869-1948), after his return to India in 1915, by campaign across the country and learnt about the problems faced by the people in India. Following this, he initiated and led 3 major movements. The Champaran Satyagraha of 1913, the Kheda Satyagraha of 1918 & the Ahmedabad mill Strike of 1918. In 1919, he organized the Satyagraha Sabha against the Rowlatt Act of 1919, which was called the 'Black Act'. In 1920, he launched the Non-Cooperation movement in order to obtain Purna Swaraj and

self-governance. In 1930, he led the Salt Satyagraha, also known as Dandi March, to break the salt law. He launched the Quit India Movement in 1942 at a session of the All India Congress Committee in Mumbai. Mahatma Gandhi or bapu is said to be considered as the "father of the Nation". This entitlement was given to him for his great deeds which he has done for the country.

Jawaharlal Nehru (1889-1964) joined the Home Rule League movement started by Annie Besant in 1916. During the freedom struggle, he was arrested several times and between 1921 – 1942. He totally served 9 years in prison. He took part to the Non Cooperation movement. Where the Indian National Congress demanded dominion status, Jawaharlal Nehru along with Subhash Chandra Bose insisted that the complete Independence or Poorna Swaraj should be the goal of the Indian National Congress. In 1942, Gandhi designated him as his political heir. He became further the first Prime Minister of India & resumed office on 15th August 1947.

Lala Lajpat Rai, also known as the Punjab Kesari joined the Indian National Congress In 1881. He was one of the co-founders of the Punjab National Bank which was established in 1894. He also established the Dayanand Anglo-Vedic School in 1885 at Lahore. In 1921, he founded the Servants of People Society in Lahore in order to enlist and train national missionaries for the service of the motherland. He took part in the protests against the partition of Bengal, the Rowlatt act of the Jallianwala Bagh Massacre.

Bal Gangadhar Tilak along with Lala Lajpat Rai & Bipin Chandra Pal started the extremist wing of the Indian National Congress. In 1894, he initiated the celebration of Ganeshotsav and Shakti Utsav. Through these two festivals, he propagated nationalist ideal among the masses. In 1916, he started the Swadesh movement. He started News papers - Maharatta (English) of kesari (Marathi), through which he propagated the

cause of National. freedom & also made Indians aware of glorious past of its rich heritage. He introduced the three point programme also known as Trisutri Swaraj, Swadesh and National Education, for national awakening.

Bhagat Singh believed in a political philosophy called revolutionary, socialism. In 1926, he -founded the Naujawan Bharat Sabha which aimed to revolt against the British by gathering the peasants and the workers. He served as the secretary of the Sabha. He joined the Hindustan Republican Association & become the leader of that association with the help of Sukhdev, he organized several study circles in Lahore where he carried out the political discussions. In order to oppose the Defence of India Act 1915, on April 8 1929, along with Batukeshwar Dutt, he threw a bombs inside the Central Legislative Assembly & threw leaflets while chanting the slogan "Inquilab Zindabad" which means "long live the resolution". Later, Bhagat Singh, Sukhdev of Rajguru were arrested and hanged to death for their revolutionary activities.

Jyotibha Phule (1827-1890), in August 1848, established the first girl's school in India & it was set up at Tatyasaheb Bhide's Residence. Later he established 2 more school's for girls of lower castes known as Mahars and Mangs. He was planner of women's education In India as he believed that only education would eradicate the inequalities that existed in society. He fought for the upliftment of widows & in 1820, he founded an orphanage for widows. He opposed child marriage, sati system of caste discrimination which were then prevalent in the country In 1873, he established the satyashodak samaj (Society of truth-seekers) with an aim to impose the social sights of political access of the underprivileged sections of society.

The rule of the British in our country was a dark time for the society of India. The freedom that we are enjoying today is a sacrifice and struggle of our freedom fighters

of this country. This is a united effort which was put together by many of the freedom activities who are the unknown heroes. There are some of the freedom fighters who got the spotlight whereas there were some others fighters who stayed in the dark and fought for what we deserve. There are few great leaders of country who took the stand & then later dedicated their lives to India's Independence. Because of these freedom fighters, India became a democratic country, a proper Constitution was set up for improving country.

Freedom fighters struggle gave new colours to India. Hence it has to be always remembered that freedom is not free and we the citizens of India must always respect it.

"Digital Awareness" A new definition of Literacy

Here are certain incidents read from newspaper. What do they tell us? Let us find out.

Illustration No. 1

A vegetable vendor is selling his vegetables in the market. A customer asks while buying the goods if he can pay using Google pay (or any online banking app). The vendor agrees and the buyer scans his Google pay ID but instead of money coming to the vendors account, All the money from vendor's bank account get vanished or is transferred to another account. The buyer says that it is not his fault and says it is error. But actually it was the buyer who transferred the money off vegetable vendor's account to his own account. The buyer actually was a scammer but because the vendor was not that literate about the online transaction he agreed that it was error and he lost all of his money to the scammer or deceiver.

Illustration number 2

A buyer goes in a shop of artificial Jewelry. The customer asks the Id of Google pay to pay the bill and the seller spontaneously or instantly states his Google ID. The Buyer opens an app and types its ID name and amount and click done and shows it to the shopkeeper. The screen shows that the money has been transferred but the shopkeeper hasn't got the message from his app that the money has been transferred so he says that he has not got the money from buyer but the customer starts arguing and shows that she has transferred the amount and shows her mobile phone where the screen displays a blue tick at the shop ID where money should be

transferred or an amount to be paid. But the shopkeeper does not agree so the customer lifts her bag and tries to go. Another customer stops her and says why don't you press back on your phone so we can see why the amount has not transferred? She outrightly, rejects the idea or suggestion and insists that she has paid the amount to shopkeeper and wants to go with her goods she has purchased. But the other customer that is customer number 2 stops her and says he will call the police and starts recording. The girl gets angry and tries to go but to no avail. The 2nd customer

snatches her phone, presses the button back on her custom phone and the screen shows another app. This is an app that shows to write name and amount. Here actually it is an app where you put name of a person you want to pay and type an amount and it shows that you have paid the amount but it is just a gif which is used to fool the receiver. If you buy goods then you have to pay for it but people are reluctant to pay & find such unethical apps to do fraud. The customer in

above para has done it 3 to 4 times before being caught. We the citizens should always do honest transactions. Be true to yourself as well as be true to others.

Illustration no. 3

A person is scrolling social media and she sees an advertisement where the website is selling goods at 50% off on MRP, so she gets excited and clicks on the line and starts seeing things which she would like to buy. She comes across a dress and plans to buy it so she checks the price, and materials. The site shows that the product is for Rs. 4000 but due

to sale they are selling it at only 2000. So the buyer gets happy and adds the product to bag and proceeds to check out. The website asks her to fill a form where she has to fill her address, mobile no. , pin code and other necessary details. Next is where the screen shows payment option. Where there is pay by Google pay Phone payee Bank, etc.

She pays the amount by online banking. The site shows that her order will arrive after 15 days. She happily waits for her order but now it has been more than 15 days her product has still not arrived. So she again goes on the website so she could track her order but she gets surprised that the status of her order is shown that it has been delivered to her. But she has not received her parcel so she tries to contact the website but it was no use. She didn't know what to do further or who to contact or whom to ask about her order. So we all should buy products from websites or apps which are well reputed and genuine or if u want to buy from new website then do check if they are allowing cash on delivery (COD).

ILLUSTRATION NO. 4:-

It was a Sunday morning, we can see a person reading newspaper, while reading he gets a message on his phone stating that "His electric bill has been due and if not paid by today Electricity connection will be cut off". Then there is a name of software given and instruction to download it. After downloading there is a link provided in the message stating click on the link and pay your electricity bill. The person does what is asked as it does not want electricity to be cut and as it is Sunday, the electricity office will have a holiday. After paying the money he gets another message stating that all his money has been transferred to an account. He gets surprised as he has not done any other transaction rather than Payment of electricity Bill. As well as the person's phone has been hacked and all his personal information has been transferred to the hacker. The scammer can blackmail or misuse the information for his own benefit.

All these are instances that reveal that the victims were not much serious or aware about digital transaction. In this techno savvy world we have turned from citizen to netizen. In this world then the abilities to read write listen and understand the print material is not sufficient. As the netizen we must redefine the literacy as the ability to deal reading/writing listening and understanding digitally. It is a virtual reality in which we are living. We must be aware of its new skills to call ourselves literate in this new era.

WHAT IS DIGITAL AWARENESS?

Google defines digital awareness as follows:

"Digital awareness means that one is able to understand and utilize technology in an increasingly interconnected world." Graduates

entering the workforce need to realize how their digital interactions (on social media, for example) can have a lasting impact on their personal and professional lives.

For better or worse, technology is an integral part of our modern society. In the 21st century you are expected to realize that digital literacy has become one of the most important skills.

As we have read and had understanding from above illustrations that how we can

be deceived from a conman or scammer due to unawareness of digital literacy.

In the first illustration shows that we should be careful by these types of scammer. People should know that when money is transferred from your bank account you do get a message

Immediately. If you get it, you should not avoid it and if your bank does not send messages about your transaction then contact your bank immediately and start that service.

In the second illustration, we should always see if the buyer has really used the true app and not a fake one. Be careful of this type of fraud customers. You can see if the person has really transferred money to you or not, by opening your online transaction app otherwise the app actually sends you message

immediately. So don't be easily fooled by the scammer.

Illustration 3

As you see the person was cheated or scammed by an online store. As we don't know who owns the website or is it genuine website. We should avoid buying products from them or if you really want to buy them please check if there is Cash on delivery available. Also do check exchange and return policy as sometimes the products sent may be damaged then we should be able to exchange or return the item as some of the websites state that exchange and return is not possible in any circumstances. So do check them and avoid getting scammed or fooled.

Illustration 4

Due to technology the scammers have now created a new type of trick to fool us. In this we should be able to differentiate the real and fake messages. Here this message only tells you your due date, reading of your house, or when there will be power cut. MSCEB will never send you a message saying you have to pay it today only and never sends any type of links to transfer money. If you want

to pay your electricity bill through online then you have to scan the barcode printed on your electricity bill that is sent to your house directly.

As we all can see from above instances that we should not blindly trust anyone. Always be aware of new things going around you and be careful. Never be careless in your online transactions and never avoid safety. The world is changing so we should also change and adapt the new world we are stepping in and always be honest and careful with your daily dealings. There are some movies like The White Devil, The Digital Thief, etc. that show how we get scammed. Find various ways to make yourselves digitally literate. That is a call of time.

Are We Aware?

Our India, a country having different geographical regions, diversity and huge natural resources is especially famous for its culture. A culture, which we have been performing since several centuries. In India, there were 29 states and each of these has totally different culture, tradition. Each state has not only different lifestyle, language but also different food, style of cooking, history, belief system etc. So, India is very diverse country.

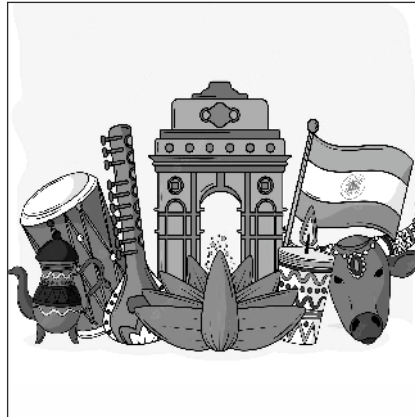

Before introduction of LPG policy by government of India, we were not connected with outside world so far. When India adopted LPG policy in the last decade of the 19th century, the whole world became closer to India.

By adopting LPG policy, India opened its door for trading with other countries. Along with it, India exchanged its knowledge, thoughts and many other things. We Indians got attracted towards western culture greatly and started changing ourselves. We started copying their lifestyle, eating habits, learning their language and so on. What it shows is we are accepting their culture and ignoring ours. We Indians feel that their culture is better than ours. But the reality is different.

Last year, I learnt Dilip Chitre's very famous poem 'Felling of the Banyan Tree'. When I read it for first time, it simply looked like a sad memory of poet's childhood. But when our English teacher taught us another meaning of poem, I was surprised. In that poem, poet narrates the felling of Banyan, Audumbar, Neem and Shevga trees, which were near to his house. Another meaning is hidden in felling of these trees. All these trees have cultural importance in India. Banyan and Audumbar trees represent religious activities, Neem has medicinal importance, whereas Shevga presents our food culture. By depicting an act of felling of these trees the poet brings out the loss of practices in Indian culture. At the end of the poem, poet also says,

when he shifted to Mumbai along with his family, in that house there was only one tree and that was in his dreams. The huge real tree has been substituted by the imaginary tree that the poet visits in his dreams. Likewise, now a days we mostly plant Bonsai tree, again a part of foreign culture! Instead of big larger trees around our houses, Bonsai trees have taken place of our Banyan, Neem and other trees.

The craze of western food among the young generation is enormous. Youngsters like western food items i.e. pizza, burger, sandwich etc than our traditional food i.e. puranpoli, chapati, roti etc. Even though, western food is not too good for health, we eat it. Different varieties of food items, different cooking style is another feature of Indian food culture. India is also popular for using various spices in cooking. This spices have medicinal benefits. Different food items are made on each festival. Another noticeable thing about Indian food culture is these festival foods fulfill our protein need according to weather/season. However we do not prefer our traditional healthy food.

A part from this, our young generation dreams to settle in foreign countries. They take education in India and work in foreign countries. Means they

educate in India but contribute for development of other countries. This is not fair. When the settle in foreign countries they start to compare India with other countries. They feel that India is backward, unclean, corrupted country. But they forgot, the country they are blaming to, is their own country where they grew and took education.

We also blame our education system. Other countries' education system seems better to us than ours. But remember a number of great scientist, engineers, doctors and other professionals belong to India, who work in foreign countries. Almost all of them have taken education in India. It is true that there are some errors in our

education system. We should find ways to improve it. Taking education in foreign countries is not solution to it.

In our Indian culture, style of medical treatment is also different than other countries. Thousands of medical plants are being used for several centuries. In ancient time, consuming medicinal plants or juices made from it were the way of treatment on several health related diseases. But now a days we prefer tablets, imported from foreigners or made by their style, which include chemicals and have side effects. We are believing on these medicines than our traditional medical practices. It underlines, how we are changing ourselves with western culture.

Western culture has also affected our family relations. Our culture teach us to respect our elders, help each others, joint family. But with entry of western culture in India, mindset of our families has started to change and opposite veiws are emerging among family members. Resulting in seperation of family members. Initially, it was limited to seperation between brothers. But now a days parents themself live separate from their children. In our India, 'Bhakt Pundalik' had borned , who gave preference to taking care of his parents and even though, God called him, he kept him in waiting, unfortunately in the same country now a days children and parents are living separate. Children are sending their parents to old age home.

It throws light on how culture is undergoing a turn.

We learn to speak, write foreign languages like French, Japanese etc but do not even think to learn our own Indian languages such as Kannada, Bengali, Gujrathi or Sanskrit. It is said that Sanskrit is oldest language in the world and root language of many Indian languages. Still we neglect it. It is also stated that the pronunciation of Sanskrit words help us to keep our health good. Another remarkable fact about Sanskrit is that it is the easiest language to instruct computer. However, we all are engaged in copying others and have forgotten to respect, follow our culture.

Some thoughts, practices of foreign culture are good and that of few are bad of our culture. We should take good of foreign culture and eliminate bad practices of our culture. Surely, in modern world, we are bound to change ourselves as per need or changes happening around us. But it doesn't mean to leave behind our culture. Last but not least, Indian culture is one of the ancient cultures. So, let us be aware of our culture, let's respect it, let's practice it with pride.

Love for Nature and the writing of Artist

Nature is an important and integral part of mankind. Nature has been an inspiration for numerous poets, writers, artists. This remarkable creation has inspired them to write poems and stories. Writers really gave importance to nature which is reflected in their works even today. Essentially, nature is everything we are surrounded by: such as the water, the air, the sun, the birds and the moon we see and much more. Nature includes both living and non-living things.

Nature provides beauty all around. It's the nature that makes the surroundings attractive and worthy to live in. Human life is possible because of nature and its boons. Mother Nature is Gift of God and must be respected just like we respect and love our mother.

"Nature is a volume of which God is the author."

-William Wordsworth.

We live on the beautiful planet earth, which is created by God. It has very clean and attractive nature full of greenery. The nature is everything around us, which surrounds us with beautiful environment. We see and enjoy it every moment. We observe natural changes in it, hear it and feel it everywhere. We should take full advantage of the nature.

According to the poets Nature has always played an important role in literature, especially in poetry. Writers and poets have often used nature to describe their emotions and their thoughts about life, death, love and war.

Many poets include descriptions of nature in their poems. They describe the world around them in writing for a purpose. They not only try to show us what they see. They try to

make us understand how they feel. Not only are they connected to nature but they see life reflected in it.

Let us refer to one of the poets who have a love for nature.

William Wordsworth as a poet of Nature.

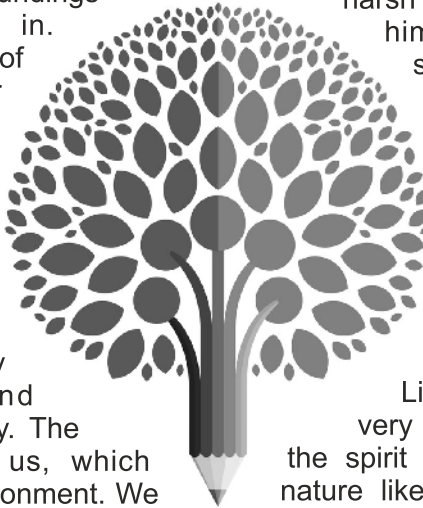

William Wordsworth was one of the greatest English poets. He is called the high priest: Priest of Nature. Wordsworth delineated nature in his poetry not for the sake of description. He felt that nature has a capacity to console his heart that is wounded by the harsh and sordid realities of life. For him nature had always been a source of solace and inspiration. It was a revelation of divine in multiple forms. Naturally Wordsworth's poetry is full of natural imagery. In a very refreshing and original form he depicts nature and communicates his philosophical thoughts in a very common day today language.

Like nature his language is also very natural. He feels the presence of the spirit of nature in the objects of the nature like stream, hills or birds. Several poems can be taken as instances of reflecting Wordsworth's love for nature and his use of nature in his poetry.

Let's take of one of his poems 'To the Cuckoo' as an example of it.

To the cuckoo is a beautiful lyrical poem. It is an ode to the bird cuckoo. The poet uses the image of a bird Cuckoo to present his thought. At the very beginning of the poem the poet addresses the bird Cuckoo as follows:

*O Blithe New-Comer! I have heard,
I hear thee and rejoice
O Cuckoo! Shall I call thee Bird,
Or but a wondering Voice?*

When the poet calls a bird a 'newcomer', and also a darling of the spring, he brings out the day to day fact of arrival of spring season and the chirping of a bird that is associated with a new year. Though the poet is British we can feel and co-relate his description of Cuckoo to our Indian scene. We know that change in the season is a part of nature's process and all the natural objects realize them within. Human calendar, especially the Indian calendar that announces the new year in the month of Chaitra is based on the cycle of season. It is a 'Vasant Rutu' (in British culture, Spring) that is a new season in the nature and for us it is the beginning of a new year. It is a very happy and cheerful season or the time of the year. New flowers, fresh air and cloudless sky bring the happiness and joy for human beings. Every Vasant rutu is accompanied with the singing of the Cuckoo's song. So when we listen to the sound of Cuckoo (in Indian culture the bird is called Kokila) we perceive that the Vasant Rutu is ahead. Wordsworth tells us that it is not for a single time that he has heard the shouting of the bird. But right from his childhood he has been listening to the bird and has been felt happy. The bird's voice gives him a soothing effect. Therefore he begins the poem by addressing the bird as "O Blithe New-Comer". It reflects the poet's sense of familiarity with the bird, 'cuckoo'. But we also find the phrase "a wondering voice" used for the bird cuckoo. The poet again describes the bird as:

*Though babbling only to the vale,
Of sunshine and of flowers,
Thou brings unto me a tale
Of visionary hours*

When the poet calls the bird a wondering voice or an invisible thing he refers the very typical fact of his time. In Wordsworth's time the trees were in abundance. Thick forests in the valleys or jungles near the rivers was a common scene. Naturally birds could fly here and there but could not be seen by the human eye very easily. Listening to the voice of the bird but failure to see it was a common thing for the poet. The poet would wonder to search for the bird but hardly could succeed in it. Nature is around us but still it is mysterious. The songs of the bird is the most beautiful gift the nature has given to human being. Hence the poet states that the bird brings to him 'the tale of visionary hours'. From the childhood the sound of the bird and associations to that sound had collected so many experiences for the poet. Whenever the poet listens to the sound of the bird he recalls those experiences. Thus the flowers and trees amidst which the poet wondered to catch the sight of the bird have been internalized in his memories. Thus all these elements of nature have become harmonious to the life of the poet. Therefore Nature stands as the most cherishing and loving thing for the poet.

Women Entrepreneurship in India - Problems and Prospects

Introduction:

An entrepreneur is someone who innovates new ideas and brings them to existence. He creates and designs the project according to the business plans. However, entrepreneurship can never be gender differentiated. As we can see the history of India that the traditional clutches have kept women out of the orbit of entrepreneurial activities for a long period.

Definition:

Women are generally kept at home with restricted mobility and unwritten hierarchical practices place further constraints on them. We would see that women were only playing the role of home-maker, that of a mother and wife. However the days gone, Indian women went through various ups and down. And started practicing in economic activities. Women started taking economic decisions. Indian women in no way are inferior to men in all walks of life and they have been emerging as good entrepreneurs as men in the country. Among the states, Gujrat, Maharashtra and Karnataka have more women entrepreneurs.

Need and Nature:

With the advantages of media, women are more aware of their own traits, rights and also the work situations. Now a days, women are getting opportunities provided by digital era. They are growing rapidly that the women who were job seekers are now turning into job-creator. They are coming forward as designers, interior decorators, exporters, publishers, garment manufacturers and still they are exploring new avenues of economic participation. In some years we can see that women entrepreneurs and their contribution to the national economy is quite visible. In India

after 1970 women entered into business. And till 1990s, the number of women entrepreneurs have increased. In India, several women entrepreneurs are working hard to prove when it comes to starting and sustaining a business, they are second to none.

Entrepreneurship among women is a recent phenomenon. When any enterprise is established and controlled by women, it not only boosts economic growth, but also has many desirable and positive outcomes. Our first prime minister of India Pt. Jawahar Lal Nehru, has remarked that when a woman moves, the family moves, the village moves and the nation moves.

Women in rural area have the responsibility for agricultural production in addition to domestic responsibilities and childcare.

India is a land of entrepreneurs, where 70% of the population is still self-employed and some place, this estimate as high as 80%. The concept of "women entrepreneurs" is becoming famous & a global phenomenon. An entrepreneur is a person who is able to scan the environment, marshal resources & implement actions to bring into existence a commercial venture, which can be initiated and establish large, medium & small enterprises.

Concept:

The concept of women entrepreneurship is multi-disciplinary in nature. Women entrepreneurs have been designated as the new engines for growth and the rising stars of the economies in developing countries to bring prosperity and welfare. Women entrepreneurs may be defined as the woman or group of women who initiated, organise & operate a business enterprise. The government of India has defined women entrepreneurs as an enterprise owned & controlled by women

having a minimum financial interest of 51% of capital & giving at least 51% of employment generated in the enterprise to women. The growth of proportion of women entrepreneurs in developing countries have drawn the attention of both the academic & the development sector. Women entrepreneurs engaged in business due to push & pull factor which encourage women to have an independent occupation & stand on their own legs. However, Indian women have because traditions are deep rooted in Indian society where sociological setup has been a male dominated one. Women are considered to be weaker sex and always made to depend on men in their family and outside, throughout their life. The Indian culture made them only subordinates and executors of decisions made by other males in the basic family structure. While at least half of the brain power on earth belongs to women, women perhaps the world's most underutilised resource.

The transformation of social fabric of the Indian society, in terms of increased educational status of women and varied aspirations for better living, necessitated a change in the lifestyle of Indian women. She has competed with men and successfully stood up with him in every walk of life and no exception for this. The women leaders are assertive, persuasive and willing to take risks. They manage to survive and succeed in this cut throat competition with their hard work, diligence and perseverance. Ability to learn quickly, open style and problem solving, willingness to take risks, and chances ability to motivate people, knowing how to win and lose gracefully are the strengths of women entrepreneurs.

Women entrepreneurs engaged in business due to push and pull factors which encourage women to have an independent occupation and stand on their own feet. A sense towards independent decision making on their life and career is motivational factor behind this urge. Under the influence of these factors the women entrepreneurs choose a profession as a challenge and as an urge to do

something new. Such a situation is described as pull factor. While in push factors, women engaged in business activities due to family compulsion and responsibilities upon them.

OBJECTIVES AND RESEARCH METHODOLOGY OF THE STUDY :

The study is based on secondary data which is collected from the published reports of RBI, NABARD, Census Surveys, SSI Reports, newspapers, journals, websites, etc. The study was planned with the following objectives:

1. To evaluate the factors responsible for encouraging women to become entrepreneurs
2. To study the impact of assistance by the government on women's entrepreneurship.
3. To study the policies, programmes, institutional networks and the involvement of support agencies in promoting women's entrepreneurship.
4. To critically examine the problems faced by women entrepreneurs.

REASONS FOR WOMEN BECOMING ENTREPRENEURS :

The glass ceilings are shattered and women are found indulged in every line of business.

The entry of women into business in India is traced out as an extension of their kitchen activities, mainly 3P's, Pickle, Powder and Pappad. But with the spread of education and passage of time women started shifting from 3P's to modern 3E's i.e., Energy, Electronics and Engineering. Skill, knowledge and adaptability in business are the main reasons for women to emerge into business ventures. Women Entrepreneur is a person who accepts challenging role to meet her personal needs and become economically independent. A strong desire to do something positive is an inbuilt quality of entrepreneurial women, who is capable of contributing values in both family and social life. With the advent of media, women are aware of their own traits, rights and also the work situations. The challenges and opportunities provided to the women of digital era are growing rapidly that the job

seekers are turning into job creators. Many women start a business due to some traumatic event, such as divorce, discrimination due to pregnancy or the corporate glass ceiling, the health of a family member, or economic reasons such as a layoff. But a new talent pool of women entrepreneurs is forming today, as more women opt to leave corporate world to chart their own destinies. They are flourishing as designers, interior decorators, exporters, publishers, garment manufacturers and still exploring new avenues of economic participation.

SOME WOMAN ENTREPRENEURS:

1905 : Madame C.J. Walker

The first female entrepreneur

Madame C.J. Walker, born Sarah Breedlove, is the original "self-made woman". As a daughter to former slaves who was orphaned at the age of 7, Walker quite literally built her empire out of nothing. After suffering from a scalp ailment that caused her to lose most of her hair, she created Madam Walkers Wonderful hair grower, a scalp conditioning and healing formula, in 1905.

Madam Walkers Wonderful Hair grower flew off the shelves. In 1980 Walker opened a factory and a beauty school in Pittsburgh. By 1910, the Madam C.J. Walker Manufacturing Company had become wildly successful, with profits that were the modern-day equivalent for several million dollars. In 1917 Walker held one of the first national meetings of business women in Philadelphia, the Madam C.J. Walker Hair Culturists Union of America convention.

2012 : Falguni Nayar

The Founder and CEO of Nykaa

Nykaa's Falguni Nayar, Biocon's Kiran Mazumdar Shaw, PepsiCo's Indra Nooyi, Portea Medical's Meena Ganesh, VLCC's Vandana Luthra, Park Hotels' Priya Paul, SHEROES' Sairee Chahal, Shahnaz Herbals' Shahnaz Hussain... the list of successful women entrepreneurs in India is endless. Let's not forget the movie stars who have turned into entrepreneurs, tonnes of startup founders and also hundreds of women who are running small businesses across the country.

As discussed, first recognized in 2014 by 144 nations. That is why it is However, if

you compare these numbers with the total number of male entrepreneurs, it is still highly skewed. The reasons are plenty.

From not being taken seriously, surrounded by naysayers, glass ceilings to lack of support at the home front, lack of access to education and social expectations, challenges are also endless.

important to celebrate Women Entrepreneurship Day (WED), a day on which the work of women entrepreneurs is observed and As mentioned above, there are many successful women entrepreneurs today in India, who are inspiring millions of women every day. In that, here are a few words about the five most renowned women entrepreneurs.

Also some are : -

- Hemalatha Annamalai – Ampere Electric
- Aditi Gupta – Menstrupedia
- Kiran Mazumdar Shaw – Biocon India
- Vani Kola – Kalaari Capital
- Radhika Agarwal – Shopclues

Problems :

REASONS FOR SLOW PROGRESS OF WOMEN ENTREPRENEURS IN INDIA:

The problems and constraints experienced by women entrepreneurs have resulted in restricting the expansion of women entrepreneurship.

• Women are looked upon as —"alba" i.e. weak in all respects. In a male dominated society, women are not treated equal to men that act as a barrier to woman's entry into business.

• Women entrepreneurs have to face a stiff competition with the men entrepreneurs who easily involve in the promotion and development area and carry out easy marketing of their products with both the organized sector and their male counterparts. Such a competition ultimately results in the liquidation of women entrepreneurs.

• Women in India lead a protected life. They are even less educated, economically not stable nor self-dependent which reduce their ability to bear risks and uncertainties involved in a business unit.

• Indian women give more emphasis to family ties and relationships. Married women

have to make a fine balance between business and family. The business success also depends on the support the family members extended to women in the business process and management.

- The educational level and family background of husbands also influences women participation in the field of enterprise.

SWOT Analysis :

Strength

- Women entrepreneur can be defined as a confident, innovative and creative women capable of achieving self-economic independence individually or in collaboration, generate employment opportunities for others through initiating, establishing and running the enterprise by keeping pace with her personal, family and social life.
- Women prefer to work from their own residence, difficulty in getting suitable jobs and desire for social recognition motivates them self-employment.

Weaknesses :

- Absence of proper support, cooperation and back-up for women by their own family members and the outside world people force them to drop the idea of excelling in the enterprise field.
- Women's family obligations also bar them from becoming successful entrepreneurs in both developed and developing nations.
- Achievement motivation of the women folk found less compared to male members.
- The greatest deterrent to women entrepreneurs is that they are women.

Opportunity :

- Women inculcate entrepreneurial values and involve greatly in business dealings.
- Business opportunities that are approaching for women entrepreneurs are eco-friendly technology, Bio-technology, IT enabled enterprises, event management, tourist industry, Telecommunication, Plastic materials,

Mineral water, Herbal & health care, Food, fruits and vegetables processing.

Threats :

- Fear of expansion and Lack of access to technology.
- Lack of self –confidence, will power, strong mental outlook and optimistic attitude amongst women creates a fear from committing mistakes while doing their piece of work.
- Credit discrimination and Non Cooperative officials.
- Insecure and poor infrastructure and Dealing with male labourers.

STEPS TAKEN BY THE GOVERNMENT :

Development of women has been a policy objective of the government since independence. Until the 70s the concept of women's development was mainly welfare oriented. In 1970s, there was a shift from welfare approach to development approach that recognised the mutually reinforcing nature of the process of development. The 80s adopted a multi-disciplinary approach with an emphasis on three core areas of health, education and employment. Women were given priorities in all the sectors including SSI sector.

Government and non-government bodies have paid increasing attention to women's economic contribution through self-employment and industrial ventures.

- The First Five-Year Plan (1951-56) envisaged a number of welfare measures for women. Establishment of the Central Social Welfare Board, organization of Mahila Mandal's and the Community Development Programmes were a few steps in this direction.
- In the second Five-Year Plan (1956-61), the empowerment of women was closely linked with the overall approach of intensive agricultural development programmes.
- The Third and Fourth Five-Year Plans (1961-66 and 1969-74) supported female education as a major welfare measure.
- The Fifth Five-Year Plan (1974-79)

emphasized training of women, who were in need of income and protection. This plan coincided with International Women's Decade and the submission of Report of the Committee on the Status of Women in India. In 1976, Women's welfare and Development Bureau was set up under the Ministry of Social Welfare.

- The Sixth Five-Year Plan (1980-85) saw a definite shift from welfare to development. It recognized women's lack of access to resources as a critical factor impeding their growth.
- The Seventh Five-Year Plan (1985-90) emphasized the need for gender equality and empowerment. For the first time, emphasis was placed upon qualitative aspects such as inculcation of confidence, generation of awareness with regards to rights and training in skills for better employment.
- The Eight Five-Year Plan (1992-97) focused on empowering women, especially at the Grass Roots Level, through Panchayati Raj Institutions.
- The Ninth Five-Year Plan (1997-2002) adopted a strategy of Women's Component Plan, under which not less than 30 percent of funds/ benefits were earmarked for women related sectors.
- The Tenth Five-Year Plan (2002-07) aims at empowering women through translating the recently adopted National Policy for Empowerment of Women (2001) into action and ensuring Survival, Protection and Development of women and children through rights based approach.

At present, the Government of India has over 27 schemes for women operated by different departments and ministries. Some of these are:

Integrated Rural Development Programme (IRDP)
 Khadi And Village Industries Commission (KVIC)
 Training of Rural Youth for Self-Employment (TRYSEM)
 Prime Minister's Rojgar Yojana (PMRY)
 Entrepreneurial Development programme (EDPs)
 Management Development programmes

Priyadarshini Project-A programme for Rural Women Empowerment and Livelihood in Mid Gangetic Plains

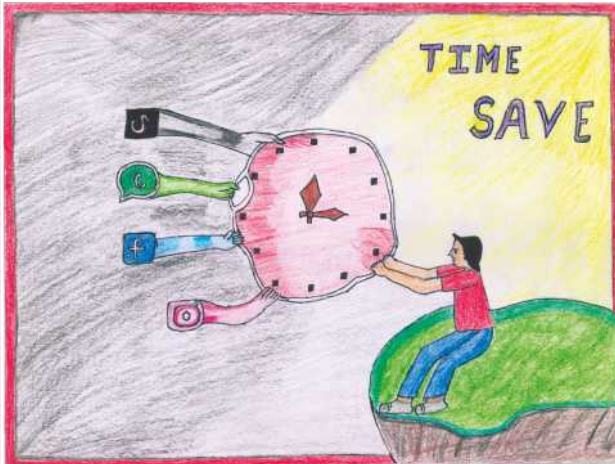

'NABARD-KfW-SEWA Bank project

Exhibitions for women, under promotional package for Micro & Small enterprises approved by CCEA under marketing support

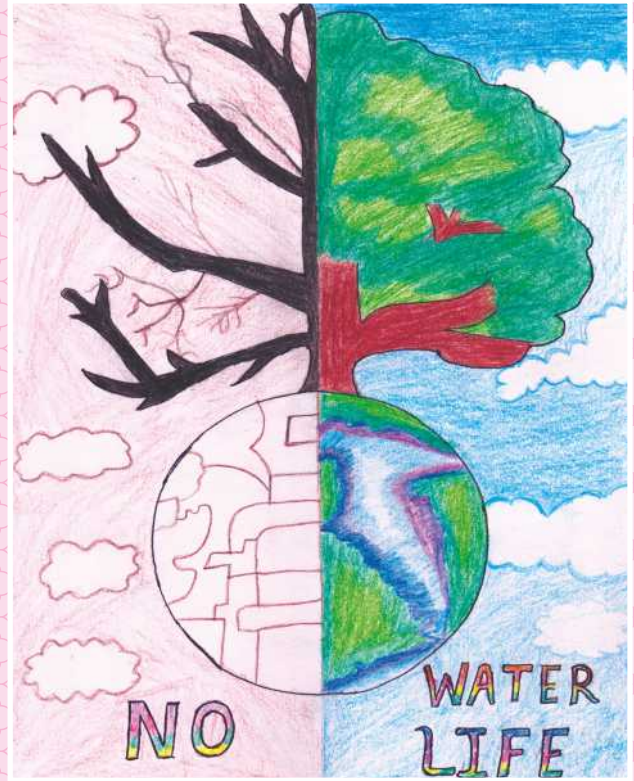

The efforts of government and its different agencies are ably supplemented by NGOs that are playing an equally important role in facilitating women empowerment. Despite concerted efforts of governments and NGOs there are certain gaps. Of course we have come a long way in empowering women yet the future journey is difficult and demanding.

1) RIGHT TO INFORMATION ACT, 2005

Right to information is crucial in building a culture of transparency within the government, which is the foundation around which the relationship between the government and its people ought to be established. In democracy, the citizens have the right to seek information from the people and institutions who exercise power. The rights-based approach in the RTI establishes the right to seek information among the citizens. This right alone empowers the citizens in a democracy and hence, it is important to preserve, nurture and expand.

With this in mind, one-day workshop on 'Right to Information Act, 2005' was organized under Lead College Scheme of Shivaji University on 16th March, 2022. 2) CAREER OPPORTUNITIES IN RETAILING & DIGITAL MARKETING

Retailing comes at the end of the marketing distributive channel. In India, retailing is originated from the emergence of Kirana stores and mom-and-pop stores, which used to cater to the needs of local people. Before 1980's retailing in India was synonymous with peddlers, vegetable vendors, neighborhood kirana stores or sole clothing and consumer durable stores in a nearby town. In 1980's saw the major change in retailing. The textile companies like Bombay Dyeing, S Kumar's, Grasim and Raymonds come up with retail chains in textile sector, followed by Titan retail showrooms in the organized retail sector. Liberalization of the Indian economy led to withdrawal of stringent restrictions and the latter half of the 1990s saw a fresh wave of retailer entrants with a shift from manufactures to pure retailers. The retail sector has emerged as one of the most dynamic and fast-paced industry in India due to the entry of several new players and presently it is the most booming sector in Indian economy.

Furthermore, in today's world, everything has become digital and everyone is connecting and communicating online. The pandemic situation and multiple lockdowns have made the people realize the power and potential of digital adoption. Digital marketing has become an indispensable part of current-day companies and offers numerous career opportunities for youths.

On this background, one-day workshop on 'Career Opportunities in Retailing & Digital Marketing' was organized on 25th March, 2022 under Lead College Scheme of Shivaji University. Around 110 students and faculties from 10 affiliated colleges covered under the cluster, participated in the workshop.

3) IN THE WORLD OF ADVERTISEMENT

Advertising is an important part of trade and commerce for multiple reasons. Consumers are more likely to resonate with an ad if it is something they can relate to or if it is relevant to their interests. Some creative ads remain in our memory for the longer period. Creativity is the soul of advertising, which gives life to the message and make it unforgettable. Indian advertising industry is reaching to 700 billion INR by the year 2022 at the annual growth rate of 11.59 percent and poised for further growth in the view of rapid digitalization in the upcoming years. In the view of growing use of android mobile phones, use of Internet, magnitude of watching TV and introduction of new products and services, the young generation has a wider scope to shape their career in the field of advertisement.

With a view to familiarize the students with the art of conveying the message in a creative manner and in a fantastic way, one-day workshop on 'In the world of Advertisement' was organized on 31st March, 2022 under the Lead College Scheme of Shivaji University, in which 120 students and teachers from 10 colleges covered under the cluster participated.

There is availability of latest edition of supplementary and reference books covering all subjects in college library. There is provision of well furnished computer lab with internet connectivity.

The LCD projector is provided in all classrooms which is used by faculty for lectures and students for their presentations. This infrastructure support has indeed proved beneficial to the students. To enhance and give a wider scope for their creativity, management activities and events are organized throughout the academic year.
